This is a book for you about going to court. It was made for young people and we hope it is fun as well as being useful. It is full of helpful stuff and things to do - so let's get busy!

We've spent a lot of time with kids who have had to go to court and thought a book like this would help you learn about court.

We've had a lot of fun putting this book together and hope you have fun with it too.
